## REPUDIATES ALL POLICIES.

INSURANCE COMPANY'S ACTION.

RAY FRANCISCO, March 16.—The  
Chronicle says that the Nippon Marine  
Insurance Company, Limited, of Osaka,  
Japan, has canceled and repudiated  
all policies and policies written in its  
name on its behalf in this city since  
January last, aggregating about \$300,000.  
Such is the information which  
came in last mail from Japan to the  
company's agents in this city, H. M.  
Newhall & Co., who are at a loss to  
account for, and bitterly resent the un-  
warranted action of the Japanese com-  
pany. The agents and their clients are  
at a loss to surmise even what could  
have caused the Japanese directors to  
take such arbitrary and sudden ac-  
tion.

## NELLIE CARTY'S DEATH.

RAILROAD SHOULD ERRECT GATES.

SUISUN, March 16.—An inquest was  
held today over the remains of Nellie  
Carty, killed yesterday afternoon by  
the westbound flyer at the railroad  
crossing between Suisun and Fairfield.  
The jury returned a verdict of ac-  
cidental death, and recommended that  
the Town Council of Suisun take some  
action to compel the railroad to give  
more precaution to the traveling pub-  
lic by the erection of gates at danger-  
ous railroad crossings.

## PAWNEE DEAD MAN'S JEWELRY.

SACRAMENTO, March 16.—Martin  
Westlake, one of the men under ar-  
rest for the murder of R. R. Watts, an  
Idaho mining man, in this city, this  
afternoon admitted that he pawned the  
watch, chain and scarpin of the mur-  
dered man. He says he did it at the  
request of another man, who divided  
the money with him. The Sheriff has  
the name of the other man, and can  
get him at any time.

## CLAIM FOR SALVAGE.

ALASKAN COMPANY IS SUE.

RAY FRANCISCO, March 16.—James  
P. McSherry filed a libel suit against  
the Alaska Commercial Company in  
the United States District Court today.  
He seeks to secure salvage for having  
saved several barges and their valuable  
cargoes on the Yukon River last July.  
The steamer-wheel steamer Louise left  
St. Michael July 25 with three barges,  
and, owing to a storm which came up,  
the vessel was unable to proceed, with  
the barges broke adrift. McSherry  
and his companions saved the barges  
and a large part of the cargoes, all of  
which were valued at over \$1,000,000.

## WILL CANVASS SOUTHERN COUNTRIES.

FRIDNO, March 16.—At a meeting  
of the directors of the Ralain Growers'  
Association, this afternoon, plans were  
mapped out for the canvassing of San  
Diego and San Bernardino and other  
southern counties, having a view to ob-  
taining signatures of growers to contracts  
and pooling their raisins with the asso-  
ciation.

## OVERSEE VESSELS REINSURED.

SAN FRANCISCO, March 16.—The  
reinsurance on the British ship Annie  
Thomas, 230 days from Cardiff to Aca-  
pulco, was advanced in England today  
from 75 per cent. to 80 per cent. The  
following vessels were also placed in  
the overdue list: Lyrdale, N. Y. to  
Shanghai, 15 per cent.; Henry Clem-  
ent, Hamburg to Kiao Chau, 25 per  
cent.

## POULED HIS OPPONENT.

HELLMAN LOSES HIS FIGHT.

SACRAMENTO, March 16.—The  
twenty-round contest between Al Hell-  
man and Tom Pendergast of this city  
came to a sudden termination in the  
ninth round tonight. Hellman, fouling  
his opponent by a blow in the groin,  
when he had the fight almost won,  
Referee Alex Gregarious gave the de-  
cision to Pendergast.

## HE WAS WITH DEWEY.

SAN FRANCISCO, March 16.—Charles  
Egbert, who was on the Hawaiian is-  
land, Mendocino county, has made good  
the shortage that existed on his leaving  
the office and for which he was in-  
dicted by the Federal grand jury. It  
is probable that the case against him  
will be dismissed by United States  
District Judge De Haven. Redwine  
was short several hundred dollars.

## PIESTER HANGS HIMSELF.

SAN FRANCISCO, March 16.—Charles  
Downing, a plasterer, aged 41 years,  
committed suicide today by hanging  
himself in the basement of his home,  
No. 142 Russ street. Downing met with  
an accident some two years ago, and  
had been subject to mental trouble ever  
since.

## SANTA FE PAYS TAXES.

BAKERSFIELD, March 16.—The  
Santa Fe Railroad Company has paid  
under protest taxes on some of its cars,  
and negotiations are going on for the  
payment of taxes on all cars seized by  
the Assessor and afterward moved out  
of the county by the railroad.

## WINE FEMALE MANIAC.

SAN FRANCISCO, March 16.—A pe-  
tition is about to be presented to  
the Superior Court by Mrs. Mar-  
tine through her attorneys,  
Dunston and Jones, for the removal  
of the Society for the Suppression  
of Vice, made her guardian, and  
as the reason that she is rap-  
idly losing her mind, and is a  
raving maniac.

## CHINESE LOTTERY DEALER FINED.

The city treasury is \$100 richer as  
the result of a raid made on a Chinese  
lottery joint on South Spring street, by  
Chief Elton and Detective Ritch about  
a week ago. Ah Sing, one of three Co-  
lesters arrested on that occasion,  
pleaded guilty to the charge of selling  
lottery tickets, yesterday, in Justice  
Morgan's court, and was fined \$100,  
which he reluctantly paid. Ah Lung  
and Ah Sing, who were also arrested,  
were discharged, as the evidence against them was not  
very strong.

## EDITORS VISIT OIL FIELDS.

BAKERSFIELD, March 16.—The Na-  
tional Editorial Association was en-  
tertained here this afternoon. The  
visitors were driven to the Kern River  
oil fields.

## SANTA CRUZ MINER'S DEATH.

SAN FRANCISCO, March 16.—Alfred  
H. Fitch, a miner of Santa Cruz, filed  
a petition in bankruptcy in the United  
States District Court today. He owes  
\$7291.

## Stunted Hair

Does your hair  
split at the end?  
Can you pull out  
a handful by run-  
ning your fingers  
through it? Does it  
fall out dry and  
lifeless?

Give your hair a chance. Feed it.  
The roots are not dead, they are weak  
because they are starved—that's all.  
The best hair food is—

ACT'S  
HAIR  
VIGOR

If you don't  
want your hair  
to die, use  
ACT'S HAIR  
VIGOR  
once a day.

## ALLEGED FOOTPADS' WOMEN.

MISTRESSES OF KERNELL AND O'BRIEN ARRESTED.

Female Accomplices of the Suspected Highwaymen Prosecuted for Vagrancy—Preliminary Examination of Kernell and O'Brien to Be Held Today—Prisoners Unable to Produce Bonds.

The only development yesterday in regard to the alleged highwaymen, Kernell and O'Brien, who are charged with the robbery of Rev. Peter Grant, and who are supposed to be the men who shot Judge H. C. Gooding last Saturday night, was the arrest of the mistresses of the accused men, by Officer Richardson, on the charge of vagrancy.

Marguerite Hill, the mistress of O'Brien, and Hattie Lawrence, the mistress of Kernell, pleaded not guilty when arraigned in the Police Court. Justice Austin set the Hill woman's trial for next Monday at 4 p.m., and the Lawrence woman's for Tuesday at 2 p.m. Each deposited \$50 cash for her appearance at the time specified.

The women are what are known as "crib rustlers." Officer Richardson charged that they were vagrants inasmuch as they have frequented houses of ill-fame for the last sixty days, during which time they have been virtually the slaves of their male consorts.

Kernell and O'Brien, who have lived off their criminal earnings, The Lawrence woman, several nights ago, robbed a man of \$20 while he was in her crib. He reported the matter to the police. An officer investigated the matter and compelled the woman to disgorge the \$20, but the man refused to prosecute the woman for theft after he had recovered his money, as he did not wish his friends to learn that he had visited such a place.

Kernell and O'Brien are still in jail, being unable to furnish the \$500 bail required of each by Justice Austin. The prisoners sent for Joe Manning and Charles E. Barnard, Thursday afternoon, whom they requested to go on their bond, but the amount was a little too steep for the capitalists, who are in the habit of going bail for defendants of the tenderloin who get into trouble.

Kernell and O'Brien, however, were released, but the latter pointed to the charge of Rev. Peter Grant is to take place today before Justice Austin. They have secured the services of Frank P. Davison, Esq., as counsel, and will make a desperate attempt to prove an alibi.

Judge Gooding's condition still is such as to make it inadvisable for him to see the prisoners for identification. It is thought he will be able to look them over within the next few days, however, when it is hoped the case against the suspects by recognizing them as his assailants.

The record of Kernell and O'Brien is being looked up, and it has come to light that they probably intended to attempt some sort of a diamond trick at the office of W. T. Smith, a Main-street lawyer, last Monday. Kernell and O'Brien called upon Smith upon that day and dickered with him for some diamonds. The price demanded was \$250. The men said they would call again with a lady friend, who was a good judge of diamonds, when they would decide whether they would buy the stones. They returned with the woman about 6 o'clock in the evening, but Smith was out, and the diamonds were locked up in his safe. Before negotiations could be resumed with Smith, the police detectives got on the trail of the suspects, and their scheme in regard to the diamonds, whatever it was, failed of fruition.

The police are working hard to get some clue to the footpads who held up Fred Phillips of No. 217 East Washington street, Thursday night, at Twenty-first and San Pedro streets. If Kernell and O'Brien were the hold-ups of last Saturday night, it is patent that they are not the only pair who have engaged in the hold-up business.

**RECOVERING HOSPITAL.**  
INJURED MAN TAKEN FROM A WALL BY FIREMEN.

W. D. Watson, an employee of William Kaickreim, a house-mover, was injured yesterday while at work on one of the old walls of the Los Angeles Farming and Milling Company at Commercial and Alameda streets. Watson was on top of the brick wall surrounding the furnace, at a height of between thirty and forty feet from the ground. He loosened the underpinning of a steam pipe, thinking that it was fastened to the furnace. The pipe fell, striking Watson on the left temple, inflicting a bad gash nearly four inches in circumference.

Fortunately Watson retained his position on the wall and was prevented from falling by another workman while the patrol wagon was summoned. On the arrival of Dr. Johnson was puzzled as to how he was going to get Watson down. The fire department was suggested as a means of rescue, and Johnson requested the assistance of the hook and ladder truck of engine company No. 4, on North Main street, near the plaza. It was readily given, and the firemen soon had Watson in the patrol wagon. After treatment by Police Surgeon Hagan, he was removed to his home on East Ninth street, near San Pedro street.

Special Officer James Todd went to the hospital yesterday forenoon for surgical treatment. While riding his bicycle he fell and sustained a fracture of his right wrist.

A large splinter was extracted from the right foot of Paul Brady, a young man who lives at No. 1281 Ivy street. W. W. Platt was given medical treatment early yesterday morning.

At 2:15 o'clock yesterday afternoon Frank Smith, who, after acquiring a nasal appendage, was treated and put in the tanks.

## WHAT WILL THEY DO?

### JOB OF FIRING WALTER MOORE NOT PLEASANT.

The City Council Will Take Up the Fire Department Scandal, but is Unlikely to Do It.

A Soldier of the Spanish-American War, Tried for Burglary, but Agreement Reached by the Jury.

The Sheriff Hurt in a Runaway—West Side Water Company Sues the City and Others—Vendor's Lien.

The City Council will take cognizance of the report of the grand jury as to corruption in the fire department at the next regular meeting of that body. The report of the grand jury has given the city officials more to talk about than they have had for months, but they are undecided as to who will have to bear the brunt of taking the initiative in purging the city of the crookedness which has come to light, despite the failure of the grand jury to present all the facts to the public. It is understood that the City Attorney will be directed to begin proceedings to recover the money of which the city was defrauded in the recent hay contract. Meantime, at least until Monday, Moore will continue to act as the official head of the fire department.

Such a unanimous protest has been made by the property-owners on Moulton street against granting the petition of the Los Angeles Brewing Company to build a switch into that street that the City Council is almost obliged to deny the petition. The matter was held up yesterday by the Board of Public Works, but it will be reported to the Council Monday.

The enforcement of the so-called conduit ordinance will be ordered by the City Council Monday, but it is understood that six months' time will be given the district messenger companies to remove their wires from the streets.

John P. Albourn, who says he fought in Cuba during the late war with Spain, was on trial in the criminal court yesterday, charged with burglary. The jury disagreed, and the members were discharged. Albourn claims to be the victim of a great criminal conspiracy.

The West Side Water Company began suit yesterday against the city of Los Angeles, claiming that the City Council is required to fix special water rates for the company that will not work hardships on its shareholders.

W. C. B. Richardson began a suit yesterday for the city of Los Angeles, claiming that the City Council is required to fix special water rates for the company that will not work hardships on its shareholders.

against them for violation or neglect of duty, and certify the same to the Council or proper board."

recent precedent which would justify the Mayor in reporting that matter to the Council is to be found in his handling in the case against Police Capt. Roberts. Mayor Eaton said yesterday afternoon whether he or the city officials proposed to take cognizance of the report of the grand jury.

"Yes, I do propose to do so, but I desire to give the Council an opportunity to act on it. I have not been able to have a consultation with him. Something will certainly be done and the Council desires it will officially inform them of the matter."

"Will Chief Moore be suspended?" was asked.

"Well," replied the Mayor, "that is a matter with which the Board of Fire Commissioners will have to deal. It will be called to their attention at their next meeting."

It is possible that the Council at its next meeting will order the suspension of Chief Moore from office pending investigation or pending an examination of the transcript of evidence before the grand jury, if that is available to the Council.

Members of the Council when asked yesterday what they thought of the matter, were extremely reticent, with one or two exceptions.

President Silver was outspoken. He said that he believed in honesty in every walk of life, official or private, and he further believed that where corruption was even hinted at an investigation should be held and such action taken as the results of that investigation might justify.

City Attorney Hines said that he thought the case was one for the grand jury, as believed firmly in the policy of eradication of corruption wherever it should be found.

Councilman Pierce espoused the doctrine of letting no guilty man escape, and said that he believed in the eradication of corruption wherever it should be found.

meeting of the Council was referred to the Board of Public Works, as the first petition of the kind that has been received since the recent decision of the Supreme Court in which it was declared that the provisions of the charter shall govern street-opening matters. As a result, the members of the Council are undecided as to just how to proceed.

Members of the board made an inspection of the street yesterday afternoon, and they will report Monday as to the desirability of the proposed opening.

The portion to be opened is only 150 feet long, and the first section of the opening will be on the south side of the street, and then the courts will be assigned, and then the courts will be assigned, and then the courts will be assigned.

SHERIFF INJURED.  
HURT IN A RUNAWAY.

Sheriff Hammel sustained painful injuries yesterday forenoon in a runaway accident, on his way to Calabasas to serve certain legal papers. He was accompanied by his wife, and they were driving through Hollywood, along a perfectly level road, when suddenly one of the horses kicked his hind feet into the air and came down a-straddle the pole. The sheriff pulled up on his lines, but the horse continued to kick until the tongue was broken and the cross-tree cut loose, when off the team started—reeling, runaway.

Mr. Hammel, in holding to the lines, was jerked from the buggy out upon a barbed-wire fence. His left ear was badly cut, and the barbs left a bad gash on his neck and one under his chin. Mrs. Hammel was unhurt.

The accident left her sitting in a horse-carriage, with her husband on the ground bleeding profusely.

He was brought to the city on a Hollywood electric car, which was met at this end by a back, that took him at once to his home in the living apartments over the County Jail. Doctors were already waiting to receive him, and within a very few minutes his wounds were dressed and he was up. It took twenty-six stitches to do the work. One of the gashes was within an eighth of an inch of the jugular vein.

The sheriff will be laid up for over a week, at any rate.

VENDOR'S LIEN.  
TROPIC PROPERTY INVOLVED.

David C. Morrison and the Water, Electric and Power Company of Los Angeles were made defendants in a suit yesterday, brought by W. C. B. Richardson, who asks for a strict foreclosure of his vendor's lien on some valuable land in the town of Tropic.

In 1898-April 22, Richardson sold to Morrison for \$24,000 the property in question, together with all the water, water rights and privileges appurtenant. It is now alleged that Morrison has not paid any part of the purchase money, and that the Water, Electric and Power Company of Los Angeles bought the land from Morrison with the full knowledge of the facts.

The suit just instituted is, therefore, for judgment against the defendant for \$24,000 and interest.

# Strange How One Little Letter Will Cause a Mighty Fall in the Price of Clothing.

To be sure a letter alone would not be the cause of clothing prices tumbling, as they will tumble here, but this particular letter brought news which compels us to sell

## Clothing for Men and Boys for more than 1-3 off retail prices.

Before this immense store was opened we purchased a tremendous stock of spring clothing for men and boys. We knew you would expect assortments extraordinary in this old firm's new store. We bought exceedingly heavy in quantity, used more than our usual precautions to have every garment just so. As a consequence clothing tables are piled high, not a foot of room to spare, and

## Now Comes This Letter.

To be brief, one of our eastern buyers came across a manufacturer of fine clothing

Who by stress of circumstances was compelled to unload.

Little did that clothing buyer know of the overcrowded condition of our clothing department. Had he known, these ridiculous prices on fine clothing would never have been mentioned in print. Faithful to past instructions, he bought the entire lot because the clothing was good and under price. He writes of his purchase—sends invoices—a good buy truly—but we have more clothing now than we have room for. To gain the room we need

Profits go skyward at the very opening of a season.

Promenade  
Concert  
Tonight  
From  
7 till  
10 p.m.

**\$10  
for  
Men's \$15 Suits**

Single breasted Oxford gray chevrons, double and single breasted, all wool blue serge, velours, cashmeres and fancy worsteds in stripes, checks, plaids and mixtures. Serge and Italian cloth lining. Spring styles! Certainly—we have none of last season's clothing left to show you.

**\$15.00  
for  
Men's \$20 Suits**

Blue serge, Oxford gray, striped and checked worsteds, tweeds, chevrons and cashmeres, double breasted and round cut necks, tailored perfectly. Every pattern shown is of this season's wearing. 500 spring overcoats at the same price.

**\$7.00  
For  
Men's \$10.00 Suits.**

Cashmeres, chevrons and worsteds. Our usual \$10.00 suits. Much better than our \$10.00 suits have been in past seasons. Italian cloth lining, piped seams and pockets. French chevrons and elegant, dressy patterns.

**\$8.00  
for  
Men's \$12.50 Suits.**

Herringbone chevrons, fancy worsteds, cashmeres and velours. Can't say how many patterns—but plenty—more than you'll want to look at—though we've arranged them so you can look them over quickly.

**\$12.00  
for  
Men's \$17.50 Suits.**

\$5.50 less than the regular retail price—\$5.50 saved wherever you buy shoes and a hat. The \$5.50 of the price will not detract from the beauty of these garments—the materials, fit, finish and patterns are just as good as dressy, just as worthy as though you paid full value.

**\$2.50  
for  
Men's \$3.50 Trousers**

Not only this but all prices on pants are reduced. Two or three pairs of extra trousers saved a frequent change of dress—besides—here are prices. Pants that were from \$5.00 to \$5.50 are now priced from \$2.50 to \$3.00.

**\$2.00  
for  
Boys' \$3.00 Suits**

And the \$2.00 suits are \$2.00; the \$2.50 suits are \$2.50. These pants suits for boys from 7 to 14 years. Probably the lot which will please you most are the \$2.00 suits at \$2.00.

**\$4.00  
for  
Youths' \$6.50 Suits**

Cost, vest and long pants for boys from 12 to 14 years. The \$4.00 youths' suits are \$4.00; the \$4.50 suits are \$4.50; the \$5.00 suits are \$5.00 and \$5.50 youths' suits will be sold at \$2.50. And more—your're the largest stock of youths' clothing in the State to select from.

**\$1.50  
for  
\$2.50 Vestee Suits**

New little designs—manish styles—still dainty as a girl's party dress. Styles are different—very different from last season's. Prices are decidedly different from those of yesterday. Suits that were \$2, \$3, \$4, \$5, \$6 and \$7.50 yesterday are \$1.50, \$2, \$2.50, \$3 and \$4.50 today.

**25c  
for  
Boys' 50c Pants**

Knee pants for boys—all sizes—priced a third off—did we say? These are just half price. No yesterday, no today. Quite a lot of them and still more may be broken before night.

**JACOBY BROS., 331-333-335 SOUTH BROADWAY.**

## Bargains

For Men, Women and Children on Sale All Day and Tonight.

Could we reproduce quality on paper every man and woman who reads this advertisement would be here today.

Does it pay? Does our advertising pay? Does it pay to build up the largest business on the Coast in the various lines we carry?

**\$1.60 for  
\$2.50 Men's Hats**

All the latest spring shapes and shades. Derbys and Fedoras.

**20c for 35c  
Men's Hose**

Real mace yarn. Hermsdorf black ground with fancy colored stripes.

**18c for 35c  
Men's Ties**

Silk and satin Imperials, puffs, tecks and four-in-hand. All shades.

**85c for \$1.25  
Men's Shirts**

The very latest patterns and colors. Colored bodies—cuffs to match.

Concert  
from  
7 till 10  
tonight.

How many thousand pairs will go today? Caused more or less growling among shoe merchants—accuse us of demoralizing the shoe business—just when we ought to be making a profit. We plead guilty, but that will not prevent some folks coming to the

## New Shoe Sale.

Right they are, those shoe dealers. On second thought they are wrong—we are not demoralizing our shoe business—it's growing larger every day.

**\$1.50 Ladies' Shoes.**

Good, pump dongola kid stock, desirable soles, neat toe shapes. Only two styles—lace and button, all sizes from 3 1/2 to 8. **73c**

**\$3.00 Ladies' Shoes.**

Fine black kidskin, turn and welts, patent leather and kid tips, lace and button, sizes from 3 1/2 to 8. **\$1.58**

**\$5.00 Ladies' Shoes.**

French kid, hand turned and Goodyear welt, kid or patent leather tips, either silk venting or kid tips; lace or button; all sizes and widths; Princeton Cornell and Harvard last. **\$2.85**

**\$3.50 Ladies' Shoes.**

Imperial vici kid lace and button shoes, hand turned and Goodyear welt, patent leather and kid tips; new styles, all sizes and widths. **\$1.92**

**\$2.75 Ladies' Shoes.**

Vici kid lace shoes, flexible sewed soles, new toe shapes, patent leather tips. **\$1.47**

**\$2.00 Ladies' Shoes.**

Smooth, soft, good wearing dongola kid; kid tip or patent leather, lace and button; two line spread stitched vamp; Boston and tourist heel. **\$1.20**

**\$5.00 Men's Shoes**

Patent leathers, box calf, willow calf, vici kid, Titan calf, tan and black, single and double Goodyear welt soles; some have nickel eyelets, others of brass or black, or tan; all sizes and widths. Your choice of any of them. **\$2.70**

**\$4.00 Men's Shoes**

Chrome tanned calf skins, in all colors and black; vici kid both tan and black; eight different new toe shapes; light or heavy Goodyear welt soles; all sizes, all widths, from A to EE. Take one pair or as many as you want. **\$2.35**

**\$3.00 Men's Shoes**

Tan and brown vici kid, black wax calf, box calf and colt skin. Most of these have Goodyear welt sewed soles, balance are McKay sewed. All are worth and ought to be sold for \$3.00. **\$1.89**

**\$2.00 Men's Shoes**

Fancy shoes? Not Good shoes! Yes! Shoes for \$2.00 in men's sizes; can't be good and fancy. Two dollar shoes are either fancy, shoddy or good plain leather—these shoes are of the latter sort, all sizes. **\$1.30**

**\$2.00 Misses' Shoes.**

Lace and button, black vici kid, flexible soles, tourist heel, foxing, sizes 1 1/2 to 2. **\$1.35**

**\$1.75 Misses' Shoes.**

Imperial vici kid with Boston heel, foxing and spread stitched vamp, spring heels and patent leather tips; sizes 1 1/2 to 2. **\$1.10**

**\$1.50 Misses' Shoes.**

Tourist heel, foxed, dongola kid lace shoes, sizes 1 1/2 to 2, spring heels and foxed quarters. **77c**

**\$1.25 Children's Shoes.**

Solid as a rock, but soft and flexible kid, sizes from 8 1/2 to 12, spring heels and foxed quarters. **63c**

**\$1.00 Child's Shoes.**

Sizes 5 to 8, genuine dongola kid with patent tips and kid heel foxing, flexible sewed soles. **55c**

**\$2.75 Boys' Shoes.**

Box calf, Goodyear welt and vici kid shoes. Full building and medium coin toes, sizes 3 1/2 to 5 1/2. **\$1.60**

**\$2.00 Boys' Shoes.**

Box calf, vici kid, kangaroo calf and wax calf, sizes 3 1/2 to 5 1/2, any of the new toe shapes. **\$1.30**

Not one single article in this lot but is worth every cent we say it is—never less but in some instances really more.

Is it true? When a store advertises values such as these it either tells the truth or lies. Is the store one that could afford to lie?

**64c for \$1.00  
Chemise.**

Cambric chemise trimmed with 5-inch embroidery and insertion. 7 till 10 o'clock only.

**18c for Ladies'  
30c Hose.**

Mace yarn. Elastic top and double sole. High-placed heels. Hermsdorf dye. 7 till 10 o'clock only.

**Ladies' Gloves  
at 60c.**

## SAN PEDRO CONTRACT.

ANNUALMENT ADVISED BY ENGINEER IN CHARGE.

If the Recommendation Be Acted Upon, New Bids Will Be Called for and the Work Resumed Under a New Contract—Present Contractors Represented to Be Far Behind.

The work of quarrying stone at Catalina and dumping it in place on the breakwater that is to protect the outer basin of San Pedro Harbor has been progressing slowly for some months, and the contractors have not been able to place the amount of rock required by the terms of the contract. Capt. Meyer, the United States engineer in charge, deeming the limit of his discretionary power to accept insufficient work to have been reached, has advised the War Department of the facts and the status of the work, and has recommended the annulment of the contract. The following special dispatch from The Times Washington correspondent was received last night:

WASHINGTON, March 16.—Capt. Meyer, in charge of the San Pedro Harbor improvement, has recommended to the War Department that the contract for that work, made with Heidebreck & Neun, be annulled, on the ground that progress upon the work called for in the contract is not being kept up. Capt. Meyer represents to the department that the contractors are far behind the schedule with their labor, and he believes it to be for the good of that improvement that a new contract with other contractors be entered into.

Gen. John M. Wilson, Chief of Engineers, who will pass upon Capt. Meyer's recommendation, has not yet made his decision, but is likely to do so in a very short time, and it is very certain that whatever steps he may take in the matter will be entirely for the good of San Pedro, with proper respect for the government's interest.

Should the contract be annulled, as advised by Capt. Meyer, the work must be readvertised for thirty days, and new contracts made in accordance with the law authorizing the construction of the harbor by the War Department. This would cause about two months' delay. Gen. Wilson has the matter under consideration.

The statements contained in the dispatch as to the course that must be pursued should the contract be annulled are corroborated by the best

## IN THE OIL FIELDS.

UNCLE SAM THE ONLY STOCK SOLD ON EXCHANGE.

Uncle Sam held the boards at the Oil Exchange yesterday and was the only stock traded in. The cash transactions in the stock amounted to \$100, and the futures to \$200, a total of \$300. The following is the number of shares sold, with price: 200 shares at 70c, 100 at 72c, 200 at 75c, 200 at 76c, 100 at 78c, 100 at 79c, 100 at 80c, 100 at 81c, 100 at 82c, 100 at 83c, 100 at 84c, 100 at 85c, 100 at 86c, 100 at 87c, 100 at 88c, 100 at 89c, 100 at 90c, 100 at 91c, 100 at 92c, 100 at 93c, 100 at 94c, 100 at 95c, 100 at 96c, 100 at 97c, 100 at 98c, 100 at 99c, 100 at 1.00.

The Union Oil Company has its pipe line from Fullerton to Bixby complete. The distance is about 15 miles and the experiment of pumping oil through the pipe has proven quite successful. The tank at the head of the line into which the oil of the Fullerton district is first pumped has a capacity of 4000 barrels, and the tank at Bixby is much larger. From Bixby to San Pedro the oil is now conveyed by train, but when the pipe line is put into operation the pipe line will be continued and the oil pumped directly from Fullerton to the great tank which has been erected at San Pedro, to hold 5000 barrels. The pipe line is now about ready for use, and is lying in the harbor at San Francisco. This barge has a capacity of 800 barrels.

The Westlake Company has just completed three new tanks with a capacity of 300 barrels each. The increase in the number of productive wells, and the increased necessity for storage capacity has made the new tanks necessary to the company. The Westlake has gone 100 feet into the oil sand in well No. 1K, and the well was put on the pump yesterday, showing thus far is excellent.

The Wilson Company is making a number of improvements in the way of cleaning out old tanks and erecting new ones and has shut down pumping for a short time in order to accomplish this. The Riverside Enterprise says that Los Angeles parties have leased a tract

## CATARRH: FORERUNNER OF CONSUMPTION.

Few realize what a deep-seated, obstinate disease Catarrh is, regarding it as a simple inflammation of the nose and throat, little or no attention is given it. But, however insignificant it may seem at first, it is serious and far-reaching in its results. The foul secretions entering the circulation poison the entire system. The stomach, kidneys—in fact all the organs—feel the effect of this catarrhal poison, and when the lungs are reached its progress is rapid and destructive, and finally ends in consumption.

It frequently happens that the senses of hearing and smell are in part or entirely lost, the soft bones of the nose eaten into and destroyed, causing intense suffering and greatly disfiguring the face. While sprays, washes and salves may give temporary relief, no permanent benefit can be expected from such treatment.

## CATARRH IS A CONSTITUTIONAL OR BLOOD DISEASE,

and far beyond the reach of mere local remedies. Those who rely upon them for a cure lose valuable time, meet with disappointment and allow the disease to take firmer hold. Only a real blood remedy can reach this troublesome and dangerous disease. S. S. S. cures Catarrh because it first cleanses and builds up the blood, purifies it, makes it rich and healthy, stimulates and puts new life into the sluggish, worn-out organs, and thus relieves the system of all poisonous accumulations.

Mrs. Josephine Follitt, of Des Moines, Iowa, writes: "I had Catarrh, which system of the head, throat, nose, and ears, and all inside of my nose, including part of the head, was entirely dead. When the disease had gone this far the physician gave me up as incurable. I determined to try S. S. S. as a last resort, and began to improve at once. It seemed to get at the cause of the disease, and after a few weeks treatment I was entirely cured, and for more than seven years have had no signs of the disease."

S. S. S. is made of roots, herbs and barks of wonderful tonic and purifying properties. It is the only vegetable blood purifier known, and a certain and safe cure for all blood troubles. Send for our book on Blood and Skin Diseases, and at the same time write our physicians about your case. They will cheerfully give you any information or advice wanted. We make no charge for this.

## ACCIDENT VICTIM DEAD.

## A FATAL BICYCLE AND STREET CAR COLLISION.

Jacob Miller, a native of Germany, 27 years old, died at 11:45 a.m. yesterday at the County Hospital from injuries received Wednesday night in a collision with a street car. Five weeks ago Miller arrived in Los Angeles from Minnesota with his wife and adopted baby. About two weeks ago he purchased the Minnesota shoe store at No. 215 West Sixth street. Last Wednesday night at 8 o'clock he left the store on his bicycle and was proceeding east on Sixth street. On reaching Broadway he attempted to cross in front of a north-bound trolley car, and was struck and hurled into the air. The car was going at full speed and the motorist did not see Miller in time to slacken up, while Miller was going so fast that he was unable to stop or turn out when he realized his danger.

He was picked up unconscious, bleeding at the left ear. He was carried to the office of Dr. C. G. Rivers on West Sixth street, but when it was seen that his injuries were serious, a Fresno Bros' ambulance was summoned to the hospital.

The first examination Wednesday night it was not thought that Miller's skull had been fractured, but on a more thorough examination the next day a fracture was discovered and an operation performed, but he died at 11:45 a.m. The body was removed to the undertaking establishment of Doctor Hanson, where an inquest will be held today.

Miller never regained consciousness from the time of the accident. He lived at No. 122 South Main street.
